GENERAL SECRETARY, 10 AUG 1931 No

SIR,

Subject:- Water supply improvement scheme, Kolar.

===

Adverting to Government Order No.L.9643-5/Ml.239-29-15 dated 6th June 1931 directing that, since the Kolar Town Municipal Council have placed a sum of Rs 12,000/- at the credit of the Executive Engineer, Town Planning and Sanitary Division, Bangalore and since the Municipal Council have promised to pay the remaining quota of Rs 28,922/-, the items (1), (2) and (3) in the modified estimate amounting to Rs 53,293/- sanctioned in Government Order No.L.1494-6/ Ml.239-29-9 dated 16th August 1930, be taken up and completed first, I have the honour to forward herewith the application in original from Mr.V.R.Chikkachannanjappa Setty Sowcar, Kolar and to state as follows:-

Out of the said remaining quota of Rs 28,922/- which the Municipal Council had to pay, a sum of Rs 11,250/- had already been paid by Mr.V.R.Chikkachannanjappa Setty on 1-2-1930 into Public Works Deposits being moiety of his donation. Further the Council have sold Mysore State Loan Bonds of 1940 for Rs 5,050/- held by them as per Government Order No.L.6002-4/ML.239-29-15 dated 22-1-'31 and credited the proceeds thereof amounting to Rs 5,381-6-6 to 17 (a) Public Works Deposits on 13-7-1931. Deducting these two items of credit, the Municipal Council had still to pay Rs 12,290-9-6 inclusive of Rs 11,250/- another moiety of donation from - - Mr.V.R.Chikkachannanjappa Setty. Mr.Chikkachannanjappa Setty has this day credited Rs 6,250/- to P.W. Deposits, and prays that 3 or 4 months time may be given to him to pay the balance and that in the mean while work may be started. Though the Government directed in

their

their order No.L.9643-5/ML.239-9-15 dated 6th June 1931, that the items (1), (2) and (3) of the sanctioned modified estimate of Rs 53,293/- may be taken up and completed first, the work does not seem to have been started. Since the Council have still to pay only Rs 6,040-9-6, inclusive of the remaining Rs 5,000/- due from Mr V.R.Chikkachannanjappa Setty who will, under the - - circumstances represented in his petition, pay up the amount in - 3 or 4 months, I request that very early orders of Government may kindly be obtained to start the second stage of the water improvement scheme of Kolar Town Municipality.

The Municipal Council have been advised to pay Rs 1,040-9-6 without delay.

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Commissioner,
Kolar District.

GENERAL SECRETARY
28 SEP 1931
No. 1598

Subject: Contribution for Kolar Water Works.

T.V

Sir,

In continuation of this office Un-official No.93 dated the 9th September 1931 regarding the above, I have the honour to forward herewith a copy of letter No.250 dated the 14th September 1931 received from the Executive Engineer, Water Supply Division, and to state that in view of the facts brought to notice therein it is not advisable to start the work till the full amount of contribution is placed at the disposal of this Department according to Codal Rules.

I have the honour to be
Sir,
Your most obedient servant,

M G Rangaiya

Chief Engineer of Mysore. 25/9/31

TSRN.

Letter No.250/1 dated 14th September 1931, from the Executive Engineer, Water Supply Division Bangalore, to the Chief Engineer of Mysore, Bangalore.

Re: contribution for Kolar Water Works 1st and 2nd stage.

In submitting herewith a copy of letter No.A5.P.R.48/31-32 dated 7th August 1931, from the Deputy Commissioner, Kolar Dist., to the Secretary to Government of Mysore, General Department, I have the honour to state that a sum of Rs.11,422 is still due from the Municipality. But the Deputy Commissioner says that a sum of Rs.5,381-6-6 has been paid by the Municipality by selling the State Loan Bonds to the credit of 17 (a) P.W.Deposits on 13th July 1931 for which no intimation has been received from the Comptroller till now. If this amount is transferred to this Department, the balance still remaining to be paid will be Rs.11,422 minus 5,381-6-6 = Rs.6,040-9-6 including the balance of Rs.5,000 due from Mr.Chickananjappa Chetty.

In your letter No.18436 dated 20th June 1931 to the Deputy Commissioner, you have asked the Deputy Commissioner to place at my disposal a sum of Rs.28,922 the full quota of the Municipal Contribution.

In this connection, I beg to draw your kind attention to the fact that the codal rules do not allow the P.W.D. to start any work on behalf of any local body until the full contribution is received. For this reason the work of the second stage is not started. If it is to be started without receiving the full contribution, special permission of the Government is necessary in order to avoid Comptroller's objection for deviating from the codal rules.

Personally I feel, that unless and until the full contribution is received, I would not like to start the work, as I had

P.T.O.,

very sad experience with this Municipality. When I started the filter bed works some 7 years ago on the promise of the Municipality and with the permission of the Government, without receiving any contribution at the commencement with the result that till to-day the Municipality did not pay their share on some pretect or the other and this amount was finally waived after a lengthy correspondence.

I therefore solicit your kind orders in the matter.

" C o p y "

Yours faithfully,
for Chief Engineer of Mysore.
